Chief Executive Officer's Statement

On behalf of the Board of Directors, I hereby present Annual Report of the Company and the Group for the year ended 31 December 2015.

FINANCIAL RESULTS

The Group reported a loss for the year ended 31 December 2015 of HK\$52.8 million (2014: profit of HK\$43.7 million). The Group's consolidated loss attributable to the equity holders of the Company for 2015 amounted to HK\$49.5 million (2014: profit of HK\$45 million).

DIVIDEND

The Directors do not recommend to pay any dividend for the financial year ended 31 December 2015 (2014: Nil).

REVIEW OF OPERATIONS

Property Development Segment

For the year ended 31 December 2015, the Group's property development segment recorded revenue of HK\$1.2 million, compared to the revenue of HK\$11.1 million for 2014. Loss for the segment amounted to HK\$7.1 million, compared to the loss of HK\$2.4 million for 2014. The loss for 2015 was mainly attributable to the drop in the sales of property in 2015.

Throughout the year, the Group continued to sell our remaining unsold units of our two existing projects namely Morning Star Villa ("MSV") and Morning Star Plaza ("MSP") in Zhongshan, Guangdong Province, PRC.

As at 31 December 2015, approximately 99.9% of all residential units of MSV and approximately 98.1% of all residential and commercial units of MSP were sold.

Hotel Business Segment

In 2015, the hotel business segment recorded revenue from the sub-licensing of operating right amounting to HK\$91.3 million, compared to HK\$77.8 million in 2014. Loss of the segment amounted to HK\$0.5 million for 2015, compared to a profit of HK\$18.2 million for 2014.

OUTLOOK

Looking forward to 2016, the slowdown of economic growth in the PRC will lead to weak domestic consumption, which presents a tough operational environment for the property sales and hotel business of the Group. In spite of these challenging conditions, the Group has been accelerating its steps tap into financial services sector by integrating our existing and potential resources to maximise returns for the Company's shareholders.

ACKNOWLEDGMENT

On behalf of the Board, I would like to extend our sincere appreciation to our valued customers, business partners, bankers, and shareholders for their continued support. I would also like to compliment the management and staff for their valuable contribution throughout the year.

CHENG Wai Lam, James
Chief Executive Officer

Management Discussion and Analysis

BUSINESS REVIEW

For the year ended 31 December 2015, the Group's revenue amounted to HK\$92.5 million, compared to HK\$89.0 million for 2014. The Group recorded a loss before tax of HK\$59.1 million, compared to the profit of HK\$32.1 million for 2014. Such loss, among other things, is mainly attributable to (i) the drop in the sales of property in 2015, (ii) the increase in administrative expenses relating to the setup of new businesses, and (iii) the one-off gains on bargain purchase relating to the acquisition of subsidiaries as well as restructuring of group companies in 2014 are no longer available in 2015. The Group's consolidated loss attributable to the owners of the Company for 2015 amounted to HK\$49.5 million, compared to the profit of HK\$45.0 million for 2014.

PROPERTY DEVELOPMENT SEGMENT

In 2015, sales of the property development segment amounted to HK\$1.2 million, compared to HK\$11.1 million for 2014. The drop in property sales in 2015 was mainly due to the weak demand for property in second tier cities of the PRC. Loss of the segment for 2015 was HK\$7.1 million, compared to the loss of HK\$2.4 million for 2014.

As at 31 December 2015, approximately 99.9% of residential units of Morning Star Villa ("MSV") and approximately 98.1% of all residential and commercial units of Morning Star Plaza ("MSP") were sold.

The Group continues focusing on the sale of completed unsold properties.

HOTEL BUSINESS SEGMENT

In 2015, the hotel business segment recorded revenue from the sub-licensing of operating right amounting to HK\$91.3 million, compared to HK\$77.8 million for 2014. Loss of the segment amounted to HK\$0.5 million, compared to a profit of HK\$18.2 million for 2014.

The Group aims at looking for persistent stream of income from the sub-licensing of operating right to hotel operator.

NEW BUSINESSES

On 12 May 2015, the Company made an announcement that the Group intended to extend the scope of its existing principal activities to include the provision of a wide range of financial services by carrying out a series of regulated activities under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong), so as to diversify its business scope with a view to broadening the Group's revenue base and achieving better return of the Shareholders. The intended businesses will focus on the provision of asset management services, corporate finance advisory services, securities and futures brokerage services. Relevant licences for conducting Types 4, 6 and 9 regulated activities to two subsidiaries of the Company had been granted by the Securities and Futures Commission (the "SFC"). One subsidiary of Company is in the process of applying for the relevant licences/registration for Types 1, 2 and 5 regulated activities with the SFC. For the year ended 31 December 2015, the Group has invested certain amount of capital in the new businesses.

GEOGRAPHICAL SEGMENT

During the year, the Group did not have revenue generated from Hong Kong, and the revenue generated from elsewhere in the PRC mainly related to hotel business and property development.

Management Discussion and Analysis

REVIEW OF FINANCIAL POSITION

Overview

Non-current assets as at 31 December 2015, consisting mainly of property, plant and equipment, prepaid land lease payment, and licensing rights amounted to HK\$923.9 million, compared to HK\$1,039.4 million as at 31 December 2014. Current assets as at 31 December 2015 amounted to HK\$160.0 million, compared to HK\$159.1 million as at 31 December 2014. Current liabilities as at 31 December 2015 amounted to HK\$41.0 million, compared to HK\$64.5 million as at 31 December 2014. Non-current liabilities as at 31 December 2015 amounted to HK\$467.3 million, compared to HK\$492.8 million as at 31 December 2014.

Capital Structure, Liquidity and Financial Resources

As at 31 December 2015, the Group's total interest bearing borrowings amounted to HK\$370.1 million (31 December 2014: HK\$422.2 million). The borrowings mainly comprised borrowings from a financial institution of HK\$95.5 million, bonds measured at amortised costs of HK\$270.6 million. As at 31 December 2015, the Group's available banking facilities not utilised is nil (31 December 2014: nil).

The Group's total equity as at 31 December 2015 was HK\$575.6 million (31 December 2014: HK\$641.1 million).

The Group's gearing ratio as at 31 December 2015 was 64.3% (31 December 2014: 65.9% (restated)). The gearing ratio was calculated on the basis of total interest bearing borrowings over the total equity of the Group.

As part of treasury management, the Group centralises funding for all of its operations at the Group level. The Group's foreign currency exposure relates mainly to Renminbi, which is derived from its hotel business and the sales of property units in Zhongshan, the PRC.

Capital Commitments

The Group did not have any capital commitments as at 31 December 2015 (31 December 2014: nil).

Contingent Liabilities

As at 31 December 2015, the Group had contingent liabilities amounting to HK\$0.8 million (31 December 2014: HK\$1.7 million). The contingent liabilities were mainly in respect of buy-back guarantees in favour of banks to secure mortgage loans granted to the purchasers of the properties developed by MSV and MSP. The Board considered that the fair value of such guarantees were insignificant.

Charges on Group Assets

As at 31 December 2015, part of the Group's leasehold land and buildings with a carrying value of HK\$772.6 million (31 December 2014: HK\$827.3 million) had been pledged to a financial institution to secure mortgage loans. In addition, non-current bank balances of HK\$1.4 million (31 December 2014: HK\$1.8 million) were pledged to banks to secure mortgage loan facilities granted to purchasers of the Group's properties held for sale. They also serve to secure the issuance of a bank guarantee in favour of a landlord under an operating lease.

Management Discussion and Analysis

Fund Raising Activities

On 18 June 2015, the Company had entered into the a placing agreement (“First Placing Agreement”) with the placing agents in relation to the placing of 2,500,000,000 new shares at the placing price of HK\$0.15 per placing share for the repayment of the Bonds and working capital of the Group. The maximum number of the 2,500,000,000 placing shares represent (i) approximately 129.42% of the then issued share capital of the Company as at the date of the First Placing Agreement, and (ii) approximately 56.41% of the issued share capital of the Company as enlarged by the issue of the 2,500,000,000 placing Shares. As disclosed in the announcement of the Company dated 31 August 2015, in view of the then market conditions, the placing agents and the Company entered into a termination agreement to terminate the First Placing Agreement. The placing did not proceed.

On 15 September 2015, the Company and the placing agents entered into another placing agreement (“Second Placing Agreement”) pursuant to which the Company had conditionally agreed to place, through the placing agents, on a best effort basis, up to 3,750,000,000 new shares to not less than six placees who and whose ultimate beneficial owners are third parties independent of and not connected with the Company and its connected persons at the placing price of HK\$0.10 per placing share. The placing was approved by an ordinary resolution by the Shareholders at the extraordinary general meeting (“EGM”) on 16 December 2015. A specific mandate to cover the allotment and issue of the placing shares pursuant to the Second Placing Agreement was granted. On 20 January 2016, all the conditions of the placing had been fulfilled and the placing was completed. An aggregate of 3,750,000,000 placing shares had been successfully placed. The net proceeds from the placing had been applied to repay the Bonds of the Group and the remaining cash was left for the Group’s general working capital. Details were disclosed in the announcements of the Company dated 15 September 2015, 16 December 2015 and 20 January 2016 and the circular of the Company dated 27 November 2015 respectively.

STAFF ANALYSIS

The total number of staff employed by the Group as at 31 December 2015 was 79, compared to 74 as at 31 December 2014. As part of the Group’s human resources policy, employees are rewarded on a performance-related basis within the general framework of the Group’s salary and bonus scale. Currently, the Group continues to implement its overall human resource training and development programme and to equip its employees with the necessary knowledge, skills and experience to deal with the existing and future requirements and challenges.

OUTLOOK

Outlook and Plan

The economic environment in Hong Kong and China remains challenging and uncertain. Economic development in China has been slowing down even though the Chinese authorities strive to maintain GDP growth in China at approximately 7% in real terms. In response to the slow economic growth, the monetary authorities in China have had the interest rate cuts several times since late 2015. This would be one of the measures to simulate domestic consumption and demand for real estate. Looking forward, such favourable measures will benefit the Group’s property sales and demand for hospitality services. Along with the existing businesses, the Group will move forward to expand its businesses into financial services sector which will cover securities brokerage, corporate finance advisory, assets and wealth management through the utilization of existing and potential resources with personnel of the Group so as to bring the synergies to the businesses and maximize returns to the Company and its shareholders.

Report of the Directors

The directors present their report and the audited consolidated financial statements for the year ended 31 December 2015.

PRINCIPAL ACTIVITIES

The principal activities of the Company consisted of investment holding and the provision of management services. Its subsidiaries are mainly engaged in property development and hotel business investments. Details of the principal activities of the principal subsidiaries are set out in note 46 to the consolidated financial statements.

RESULTS AND DIVIDENDS

The results of the Group for the year ended 31 December 2015 and the state of affairs of the Company and the Group at that date are set out in the consolidated financial statements from pages 29 to 84.

No dividends have been declared in respect of the year.

BUSINESS REVIEW

The fair review of the business performance and financial position of the Group for the year ended 31 December 2015, the discussion of possible new business development, principal risks and uncertainties surrounding the Group's operation environment and important events subsequent to the year-end are provided in the "Management Discussion and Analysis" and "Chief Executive Officer's Statement" of this Annual Report. Report of the Directors

Environmental, Social and Governance Discussion

The Board acknowledges the potential risks and challenges of environmental, social and governance (“ESG”) arising from the Company’s property development and hotel business and has taken overall responsibility for leading, managing and implementing ESG related matters, including formulating policies, determining material aspects, setting measurement methodology and reporting mechanisms. ESG issues that have significant impacts on the Group will be discussed on a board-level as and when necessary.

This section serves to provide a strategic overview of the Group’s environmental policies and related compliance and how we engage our key stakeholders that have a significant impact. During the year, the Board has taken initial steps in kick-starting the Group’s ESG initiatives. Detailed ESG performances will be reported in our first ESG Report to be published in 2017.

(i) *Environmental Policies and Performance*

In Hong Kong, the Group continues to operate office facilities in an environmentally responsible manner by implementing energy saving initiatives and raising the awareness of its employees on the efficient use of resources. In Maoming, Guangdong province, China, we have been operating a renowned hotel, La Palazzo Hotel, which has well-established policies, systems and processes to manage environmental performance.

Implementing resources efficiency initiatives are the Group’s priority in striving for a sustainable hotel operation. During the year, La Palazzo Hotel adopted facilities that minimise pollutants, generating a carbon emission level lower than the statutory requirement imposed by the Environmental Protection Bureau. Oil fume is discharged through hydro vents to maintain indoor air quality. Water used in swimming pool is recycled for sanitary use. Last but not least, bed sheets are washed in an environmental-friendly way to make them more durable.

To raise awareness among our hotel staff regarding energy conservation, waste reduction, reuse and recycling, we have organized education and training activities. Human resources department has devised a performance appraisal system to evaluate whether departments have been able to achieve pre-agreed energy saving targets.

(ii) *Compliance with laws and regulations*

The Group is committed to ensuring its businesses are operated in compliance with local and international laws, rules and regulations. Whilst the operating company will take into account relevant local laws and customs in their daily operations. During the year, there were no significant fines and no non-monetary sanctions for non-compliance with environmental laws and regulations. Looking ahead, the Group will remain vigilant on managing our environmental performance and any future regulatory changes.

On the listed company level, the Group is subject to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, the Codes on Takeovers and Mergers and Share Buy-backs, the Companies Law of the Cayman Islands and the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong). The Group adheres to and ensure that they are vigilant with the legal requirements under the statute.

Group's Key Relationships with Stakeholders

The Group has an extensive network of stakeholders, including customers, employees, investors, communities, governments, non-governmental organisations, national and international trade associations, shareholders and suppliers. We communicate with our stakeholders on an ongoing basis, including our website, annual report, surveys and regular meetings on specific topics, etc.

(i) *Customers*

Our aims are to provide excellent products and services to our clients and to strive for a high level of customer satisfaction. Ensuring food safety is our top priority. La Palazzo Hotel has strictly complied with the “Guangdong Provincial Food Safety Regulations”, and have received grade A for both our catering and public health standard. It has also abided by the “Use of Food Additives Standards” by monitoring the amounts of food additives consumptions.

Regarding customer services, we have established standard operating procedures to handle clients' complaint which will be dealt with by the highest ranking management executive at the time, or handled by the hotel manager if necessary. Committing to protect client data, La Palazzo Hotel is strictly adhered to Privacy Policy which aims to prevent leaks of customers' personal information.

(ii) *Employees*

The Group is committed to equal opportunities and operates employment policies which are designed to attract, retain and motivate high-quality staff. In 2015, there were no known reports of any incidence of discrimination by our employees in Hong Kong and China.

The Group is committed to providing a healthy and safe workplace for all its employees. The head office has been providing excellent indoor environmental quality to ensure that the working environment is healthy. In China, the Group's employment strategy and policies align with Chinese labour laws. We have also established employee grievance mechanism to ensure staff can report any illegal employment. Our employee handbook states clearly that any forms of corruption, blackmail, fraud and money laundering are prohibited.

(iii) *Suppliers*

For our hotel operation, a supplier code of conduct sets out standards to which we require our suppliers to follow. We are committed to promoting diversity across our responsible procurement and have set targets to ensure corporate responsibility criteria are integrated into the selection and evaluation process for preferred suppliers. Hence, we work with suppliers whose business ethics, conduct, and standards are aligned with our own. We have established a list of bulk raw materials suppliers to manage the potential risk of our supply chain through examining their operating license and quality assurance.

Report of the Directors

PURCHASE, SALE OR REDEMPTION OF SHARES

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's shares during the year.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's Articles of Association or the laws of the Cayman Islands which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

CODE OF CORPORATE GOVERNANCE PRACTICES

In the opinion of the Directors, the Company has complied with code provisions of the Corporate Governance Code and Corporate Governance Report as set out in Appendix 14 of the Listing Rules throughout the accounting period covered by the annual report save for the deviation as disclosed in the Corporate Governance Report from pages 15 to 26.

PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, as at the date of this report, there is sufficient public float of not less than 25% of the Company's issued shares as required under the Listing Rules.

AUDIT COMMITTEE

The Audit Committee has reviewed with management the accounting principles and practices adopted by the Group and discussed auditing, internal control and financial reporting matters including a review of the audited financial statements for the year ended 31 December 2015. The Audit Committee constituted three Independent Non-Executive Directors of the Company.

AUDITOR

The financial statements for the year were audited by McMillan Woods SG CPA Limited who will retire and being eligible, offer themselves re-appointment as the auditor of the Company at the forthcoming annual general meeting of the Company.

On behalf of the Board
CHENG Wai Lam, James
Chief Executive officer

Hong Kong, 29 March 2016

Corporate Governance Report

The Company is committed to maintaining a high standard of corporate governance within a sensible framework with an emphasis on the principles of transparency, accountability and independence. The board of directors of the Company (“Board”) believes that good corporate governance is essential to the success of the Company and to the enhancement of shareholders’ value.

CORPORATE GOVERNANCE CODE AND CORPORATE GOVERNANCE REPORT

In the light of the Corporate Governance Code and Corporate Governance Report (“CG Code”) contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“Listing Rules”), the Board has reviewed the corporate governance practices of the Company with the adoption of the various enhanced procedures which are detailed in this report. The Company has applied the principles of, and complied with, the applicable code provisions of the CG Code during the year ended 31 December 2015, except for certain deviations as specified with considered reasons for such deviations as explained below. The Board will review the current practices at least annually, and make appropriate changes if considered necessary.

BOARD

The Board currently comprises nine directors (the “Directors”) in total, with four Executive Directors, two Non-Executive Directors (“NEDs”) and three Independent Non-Executive Directors (“INEDs”). The composition of the Board during the year is set out as follows:

Executive Directors	CHENG Wai Lam, James (<i>Chief Executive Officer</i>) CHI Chi Hung, Kenneth MA Erqiang WONG Kui Shing, Danny (<i>appointed on 21 August 2015</i>)
NEDs	HUANG Zhenda YEUNG Kwok Leung (<i>re-designated as a NED on 4 June 2015</i>)
INEDs	CHAN Hoi Ling SO Wai Lam SUNG Yat Chun

During the year, the Non-Executive Directors (majority of whom are Independent Non-Executive Directors) provided the Company with a wide range of expertise and a balance of skills and brought independent judgment on issues of strategic direction, development, performance and risk management through their contribution at Board meetings and Committee meetings.

Throughout the year and up to the date of this report, the Company has complied with the requirements under Rules 3.10(1) and (2) of the Listing Rules. The former Rule requires that every board of directors of a listed issuer must include at least three INEDs and the latter Rule requires that at least one of the INEDs must have appropriate professional qualifications or accounting or related financial management expertise. All INEDs also meet the guidelines for assessment of their independence as set out in Rule 3.13 of the Listing Rules. Further, up to the date of this Report, the Board has not been aware of the occurrence of any events which would cause it to believe that their independence has been impaired.

The Company has received from each Independent Non-Executive Director an annual confirmation or confirmation of independence pursuant to Rule 3.13 of the Listing Rules and the Company still considers such Directors to be independent. The Independent Non-Executive Directors are explicitly identified in all corporate communications. The day-to-day running of the Company is delegated to the management.

Corporate Governance Report

The Board meets regularly to discuss the overall strategy as well as the operation and financial performance of the Group, and to review and approve the Group's annual and interim results. During the year, six Board meetings were held and attendance of each Director at the Board meetings is set out in the section headed "Board Committees" of this report.

The Board has reserved for its decision or consideration matters covering mainly the Group's overall strategy, annual operating budget, annual and interim results, recommendations on Directors' appointment or re-appointment, material contracts and transactions as well as other significant policy and financial matters. The Board has delegated the day-to-day responsibility to the executive management. The respective functions of the Board and management of the Company have been formalised and set out in writing and will be reviewed by the Board from time to time to ensure that they are consistent with the existing rules and regulations.

Regular Board meetings each year are scheduled in advance to facilitate maximum attendance of Directors. At least 14 days' notice of a Board meeting is normally given to all Directors who are given an opportunity to include matters for discussion in the agenda. The Company Secretary assists the Chairman in preparing the agenda for meetings and ensures that all applicable rules and regulations are complied with. The agenda and the accompanying Board papers are normally sent to all Directors at least 3 days before the intended date of a regular Board meeting (and so far as practicable for such other Board meetings). Draft minutes of each Board meeting are circulated to all Directors for their comment before being tabled at the following Board meeting for approval. All minutes are kept by the Company Secretary and are open for inspection at any reasonable time on reasonable notice by any Director.

According to the current Board practice, if a substantial shareholder or a Director has a conflict of interest in a matter to be considered by the Board which the Board has determined to be material, the matter will be dealt with by the Board at a duly convened Board meeting. The articles of association of the Company ("Articles of Association") also stipulate that save for the exceptions as provided therein, a Director shall abstain from voting and not be counted in the quorum at meetings for approving any contract or arrangement in which such Director or any of his/her associates have a material interest.

Every Director is entitled to have access to Board papers and related materials and has access to the advice and services of the Company Secretary. The Board and each Director also have separate and independent access to the Company's senior management.

DIRECTORS' INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT

On appointment to the Board, each Director receives a comprehensive induction package covering business operations, policy and procedures of the Company as well as the general, statutory and regulatory obligations of being a Director to ensure that he/she is sufficiently aware of his/her responsibilities under the Listing Rules and other relevant regulatory requirements.

The Directors are regularly briefed on the amendments to or updates on the relevant laws, rules and regulations. In addition, the Company has been encouraging the Directors and senior executives to enroll in a wide range of professional development courses and seminars relating to the Listing Rules, companies ordinance/act and corporate governance practices organized by professional bodies, independent auditors and/or chambers in Hong Kong so that they can continuously update and further improve their relevant knowledge and skills. From time to time, Directors are provided with written training materials to develop and refresh their professional skills.

Corporate Governance Report

According to the records maintained by the Company, the current Directors received the following training with an emphasis on the roles, functions and duties of a director of a listed company in compliance with the requirement of the CG Code on continuous professional development during the year ended 31 December 2015.

CHAIRMAN AND CHIEF EXECUTIVE

The Chairman of the Company has not been appointed. Under code provision A.2.1 of the CG Code, the roles of the Chairman and the Chief Executive Officer are segregated and assumed by two different Individuals who have no relationship with each other to strike a balance of power and authority so that the job responsibilities are not concentrated on any one individual. The Chairman of the Board is responsible for the leadership and effective running of the Board, while the Chief Executive Officer is delegated with the authorities to manage the business of the Group in all aspects effectively. Code provisions A.2.2 to A.2.9 of the CG Code further stipulate various roles and responsibilities of the Chairman. However, the Company does not have a Chairman of the Board at present. It is the Board's intention to appoint a new Chairman as soon as the suitable person is selected.

NON-EXECUTIVE DIRECTORS

Under code provision A.4.1 of the CG Code, non-executive directors should be appointed for a specific term, subject to re-election.

All the Independent Non-Executive Directors and Non-Executive Directors were appointed for a specific term of 1 year but are subject to retirement by rotation and re-election at the annual general meeting in accordance with the Articles of Association of the Company.

Corporate Governance Report

BOARD COMMITTEES

The Board has established various committees, including a Remuneration Committee, an Audit Committee, a Nomination Committee and an Executive Committee, each of which has its specific written terms of reference. Copies of minutes of all meetings and resolutions of the committees, which are kept by the Company Secretary, are circulated to all Board members and the committees are required to report back to the Board on their decision and recommendations where appropriate. The procedures and arrangements for a Board meeting, as mentioned in the section headed “The Board” of this report, have been adopted for the committee meetings so far as practicable.

The individual attendance records of each Director at the meetings of the Board, Remuneration Committee, Audit Committee, Nomination Committee and General meetings during the year ended 31 December 2015 are set out below:

Remuneration Committee

The Remuneration Committee has been established since August 2005. This Committee currently consists of four members, including Ms. CHAN Hoi Ling (Chairman of the Committee), Ms. SO Wai Lam, Mr. SUNG Yat Chun, all being the INEDs and Mr. CHENG Wai Lam, James, being an Executive Director.

The Board has adopted a set of terms of reference of the Remuneration Committee, which accommodates a model where the Remuneration Committee performs an advisory role to the Board, with the Board retaining the final authority to approve the remuneration packages of individual Executive Directors and senior management only. The terms of reference of the Remuneration Committee setting out its authority, duties and responsibilities are available on the websites of the Company and the Stock Exchange.

The Remuneration Committee is responsible for ensuring formal and transparent procedures for developing remuneration policies and overseeing the remuneration packages of the executive directors and senior management. It takes into consideration of factors such as salaries paid by comparable companies, time commitment and responsibilities of Directors and senior management.

The Remuneration Committee shall meet at least once a year in accordance with its terms of reference. One Committee meeting was held in 2015 and the attendance of each member is set out in the section headed “Board Committees” of this report.

In addition to the Committee meeting, the Remuneration Committee also dealt with matters by way of circulation during 2015. In 2015 and up to the date of this report, the Remuneration Committee performed the works as summarized below:

- (i) reviewed the existing policy and structure for the remuneration of Directors;
- (ii) reviewed the existing remuneration packages of the Executive Directors and senior management;
- (iii) reviewed the existing remuneration of the Independent Non-Executive Directors;
- (iv) reviewed and recommended the remuneration packages for the re-designation of two Executive Directors to the Non-Executive Directors for the Board’s approval;
- (v) reviewed and recommended the remuneration package of the newly appointed Executive Director for the Board’s approval;
- (vi) reviewed and recommended the remuneration packages for the renewal of the terms of appointment of the INEDs for one year commencing from 1 January 2016 for the Board’s approval; and
- (vii) reviewed and recommended the remuneration package for the renewal of the terms of appointment of a NED for the period commencing from 21 January 2016 to 31 December 2016 for the Board’s approval.

The remuneration payable to Directors will depend on their respective contractual terms under their employment contracts or service contracts as approved by the Board on the recommendation of the Remuneration Committee. Details of the Directors’ remuneration are set out in note 12 to the consolidated financial statements.

Audit Committee

The Audit Committee has been established since March 1999. This Committee currently consists of three members, including Ms. CHAN Hoi Ling (Chairman of the Committee), Ms. SO Wai Lam and Mr. SUNG Yat Chun, all being the INEDs.

The Company has complied with Rule 3.21 of the Listing Rules, which requires that at least one of the members of the Audit Committee (which must comprise a minimum of three members and must be chaired by an INED) is an INED who possesses appropriate professional qualifications or accounting or related financial management expertise.

The main responsibilities of the Audit Committee are to review the financial statements and the auditors’ reports and monitor the integrity of the financial statements. Other responsibilities include the appointment of auditor, approval of the auditor’s remuneration, discussion of audit procedures and any other matters arising from the above. The Audit Committee is also charged with the overseeing the financial reporting system and internal control procedures and their effectiveness.

The terms of reference setting out the Company’s Audit Committee’s authority, duties and responsibilities has been revised and published on both the websites of the Company and the Stock Exchange on 29 March 2016 following the new requirements on risk management and internal audit under the Corporate Governance Code and Corporate Governance Report of the Main Board Listing Rules.

Corporate Governance Report

The Audit Committee shall meet at least twice a year in accordance with its terms of reference. Two Committee meetings were held in 2015 and the attendance of each member is set out in the section headed “Board Committees” of this report.

In addition to the Committee meeting, the Audit Committee also dealt with matters by way of circulation during 2015. In 2015 and up to the date of this report, the Audit Committee performed the works as summarized below:

- (i) reviewed and recommended 2014 final results, audit findings and draft final results announcement for the Board’s approval;
- (ii) reviewed and considered various accounting issues and new accounting standards and their financial impacts;
- (iii) considered the audit fee for the Year 2015;
- (iv) reviewed and recommended 2015 interim results, audit findings, draft management discussion and analysis section of the interim report for the Board’s approval;
- (v) reviewed and recommended 2015 final results, audit findings and draft final results announcements for the Board’s approval;
- (vi) reviewed and recommended the Report on Internal Control for the Board’s approval; and
- (vii) reviewed and recommended the revised terms of reference of the Audit Committee for the Board’s approval to align with the amendments relating to the risk management and internal control section of the Corporate Governance Code and Corporate Governance Report of the Main Board Listing Rules.

Nomination Committee

The Nomination Committee has been established since 1 April 2012. This Committee currently consists of four members, including Ms. CHAN Hoi Ling (Chairman of the Committee), Ms. SO Wai Lam and Mr. SUNG Yat Chun, all being the INEDs and Mr. CHENG Wai Lam, James, being an Executive Director.

The Nomination Committee is responsible for making recommendations to the Board for consideration and approval on nominations, appointment and re-appointment of Directors and Board succession, with a view to appoint to the Board, individuals with the relevant experience and capabilities to maintain and improve competitiveness of the Company. The Nomination Committee shall formulate the policy, review the size, structure and composition of the Board, and assess the independence of its Independent Non-Executive Directors in accordance with the criteria prescribed under the Listing Rules and the CG Code.

The Board has adopted a set of revised terms of reference of the Nomination Committee, which has included Listing Rule amendment to the Corporate Governance Code and Corporate Governance Report relating to the set-up of board diversity policy. The updated terms of reference setting out the Nomination Committee’s authority, duties and responsibilities are available on both the websites of the Company and the Stock Exchange.

The Nomination Committee shall meet at least once a year in accordance with its terms of reference. One Committee meeting was held in 2015 and the attendance of each member is set out in the section headed “Board Committees” of this report.

In addition to the Committee meeting, the Nomination Committee also dealt with matters by way of circulation during 2015. In 2015 and up to the date of this report, the Nomination Committee performed the works as summarized below:

- (i) reviewed and recommended for the Board's approval the proposed resolutions for re-election of the retiring directors at 2015 Annual General Meeting and 2016 Annual General Meeting;
- (ii) reviewed the structure, size, composition and the diversity policy of the Board and assessed the independence of each INED;
- (iii) reviewed and recommended for the Board's approval on the re-designation of two Executive Directors to the Non-Executive Directors;
- (iv) reviewed and recommended for the Board's approval on the appointment of a new Executive Director of the Company;

- (vi) reviewed and recommended for the Board's approval on the renewal of the terms of appointment of a NED for the period from 21 January 2016 to 31 December 2016.

Executive Committee

The Executive Committee has been established since February 2013. This Committee currently consists of three members, including Mr. CHI Chi Hung, Kenneth (Chairman of the Committee), Mr. CHENG Wai Lam, James and Mr. WONG Kui Shing, Danny, all being Executive Directors.

The Executive Committee is vested with all the general powers of management and control of the activities of the Group as are vested in the Board, save for those matters which are reserved for the Board's decision and approval pursuant to the written terms of reference of the Executive Committee. The Executive Committee will meet as and when necessary to discuss the operating affairs of the Group and may also deal with matters by way of circulation. The Executive Committee is mainly responsible for undertaking and supervising the day-to-day management and is empowered:

- (i) to formulate and implement policies for the business activities, internal control and administration of the Group; and
- (ii) to plan and decide on strategies to be adopted for the business activities of the Group within the overall strategy of the Group as determined by the Board.

Corporate Governance Functions

The Board as a whole is responsible for performing the corporate governance duties including:

- (i) to develop and review the Company's policies and practices on corporate governance;
- (ii) to review and monitor the training and continuous professional development of directors and senior management;
- (iii) to review and monitor the Company's policies and practices in compliance with legal and regulatory requirements;

Corporate Governance Report

- (iv) to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and directors; and
- (v) to review the Company's compliance with the code and disclosure in the Corporate Governance Report.

Board Diversity Policy

On 28 August 2013, the Board has adopted a board diversity policy (the "Policy") that sets out the Company's approach to achieve diversity on the Board. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board. Details of the Policy can be found on the Company's website at www.cenericholdings.com.

The Company considers that the current composition of the Board, two out of its nine members being women, is characterized by diversity whether considered in terms of gender, professional background and skills.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS AND RELEVANT EMPLOYEES

The Company has adopted the Model Code for Securities Transactions by Directors as set out in Appendix 10 of the Listing Rules as its own code of conduct regarding securities transactions by the Directors of the Company. Having made specific enquiry to the Directors, all the Directors confirmed that they had complied with the required standards as set out in the Model Code during the year.

The Company has also adopted the Model Code as the Code for Securities Transactions by Relevant Employees to regulate dealings in securities of the Company by certain employees of the Company, or any of its subsidiaries and the holding companies who are considered to be likely in possession of unpublished price sensitive information in relation to the Company or its securities.

ACCOUNTABILITY AND AUDIT

Financial Reporting

The Board acknowledge their responsibilities of the preparation of the financial statements of the Group and ensure that the financial statements are in accordance with statutory requirements and applicable accounting standards. The Board also ensure the timely publication of the financial statements of the Group.

The statement of external auditor of the Company, McMillan Woods SG CPA Limited, about their reporting responsibilities on the financial statements of the Group is set out in the Independent Auditor's Report.

The Board confirms that, to the best of their knowledge, information and belief, having made all reasonable enquiries, they are not aware of any material uncertainties relating to events or conditions that may cast significant doubt about the Company's ability to continue as a going concern.

Internal Control

The Board has the responsibility to review annually the effectiveness of the Group's internal control systems and ensure that the controls are sound and effective to safeguard the Shareholders' investments and the Group's assets at all times. In 2015, the Board, through the Audit Committee, had reviewed the adequacy of resources, qualifications and experience of staff of the Company's accounting and financial reporting function, and their training programmes and budget.

COMPANY SECRETARY

Ms. LEUNG Lai Seung, Candy (“Ms. LEUNG”) is an employee and the Company Secretary of the Company. She has day-to-day knowledge of company's affairs. All Directors have access to the advice and services of the Company Secretary. The Company Secretary reports to the Chief Executive Officer and is responsible for advising the Board on corporate governance matters and is responsible for ensuring that board procedures are followed and for facilitating communications among Directors as well as with the shareholders and management.

Ms. LEUNG is a fellow member of the Institute of Chartered Secretaries and Administrators and the Hong Kong Institute of Chartered Secretaries. During 2015, Ms. LEUNG undertook over 15 hours of relevant professional training to update her skills and knowledge.

COMMUNICATION WITH SHAREHOLDERS

Shareholders' Communication Policy

The Board has adopted a Shareholders' Communication Policy reflecting mostly the current practices of the Company for communication with its Shareholders. Such policy aims at providing the Shareholders and potential investors with ready and timely access to balanced and understandable information of the Company. However, it will be reviewed regularly to ensure its effectiveness and compliance with the prevailing regulatory and other requirements.

The Company has established a number of channels for maintaining an on-going dialogue with its Shareholders as follows:

- (i) corporate communications such as annual reports, interim reports and circulars are issued in printed form and are available on the Stock Exchange's website at www.hkex.com.hk and the Company's website at www.cenericholdings.com;
- (ii) periodic announcements are made through the Stock Exchange and published on the respective websites of the Stock Exchange and the Company;
- (iii) corporate information and the Memorandum and Articles of Association of the Company are made available on the Company's website;
- (iv) Annual General Meeting (“AGM”) and EGM provide a forum for the Shareholders to make comments and exchange views with the Directors and senior management; and
- (v) the Company's share registrars' serves the Shareholders in respect of share registration, dividend payment, change of Shareholders' particulars and related matters.

Corporate Governance Report

Details of the Last General Meetings

The Company's AGM is a valuable forum for the Board to communicate directly with the Shareholders. Under code provision E.1.2 of the CG Code, the chairman of the Board should attend the annual general meeting of the Company. Since the Chairman of the Board has not been appointed, no Chairman of the Board was able to attend the annual general meeting of the Company held on 29 May 2015. However, the Board has delegated this Chairman's duty to Mr. CHI Chi Hung, Kenneth, an Executive Director of the Company. The Board considers that executive director a suitable person for taking up such duty as this executive director has been serving for similar duties for many years and he has good understanding of each operating segment of the Group.

The Chairmen of the Audit Committee, Remuneration Committee and Nomination Committee or in their absence, another member of the respective committees or failing his duly appointed delegate, are also available to answer questions at the AGM. The chairman of any independent board committee formed as necessary or pursuant to the Listing Rules (or if no such chairman is appointed, at least a member of the independent board committee) will also be available to answer questions at any general meeting of the Shareholders to approve a connected transaction or any other transaction that is subject to independent Shareholders' approval.

Most independent non-executive directors attended the annual general meeting of the Company held on 29 May 2015 to develop a balanced understanding of the views of shareholders.

Separate resolutions are proposed at the general meetings for each substantial issue, including the re-election of retiring Directors.

Code Provision A.6.7 stipulates that independent non-executive directors and other non-executive directors should attend general meetings and develop a balanced understanding of the views of shareholders.

Due to other business engagements, some Non-Executive Directors (including Independent Non-Executive Directors) could not attend the annual general meeting of the Company held on 29 May 2015 and the extraordinary general meeting of the Company held on 30 July 2015. However, at the respective general meeting of the Company, there were Executive Directors and some Non-Executive Directors and Independent Non-Executive Directors present to enable the Board to develop a balanced understand of the views of the Shareholders.

The notice to Shareholders is to be sent in the case of AGM at least 20 clear business days before the meeting and to be sent at least 10 clear business days in case of all other general meetings. An explanation of the detailed procedures of conducting a poll is provided to the Shareholders at the commencement of the meeting. The Chairman answers questions from Shareholders regarding voting by way of a poll. The poll results are published in the manner prescribed under the requirements of the Listing Rules.

SHAREHOLDERS' RIGHTS

Procedures for Shareholders to Convene an EGM

Pursuant to the Articles of Association of the Company, the Board shall, on the requisition of the members of the Company holding at the date of the deposit of the requisition not less than one-tenth of such of the paid-up capital of the Company as at the date of the deposit carries the right of voting at general meetings of the Company, forthwith proceed duly to convene an EGM of the Company.

The requisition must state the objects of the meeting, and must be signed by the requisitionists and deposited at the Company's principal place of business in Hong Kong, and may consist of several documents in like form, each signed by one or more requisitionists.

If the Board do not within 21 days from the date of the deposit of the requisition proceed duly to convene a meeting for a day not more than 28 days after the date on which the notice convening the meeting is given, the requisitionists, or any of them representing more than one-half of the total voting rights of all of them, may themselves convene a meeting, but any meeting so convened shall not be held after the expiration of 3 months from the said date.

A meeting convened under this Article by the requisitionists shall be convened in the same manner, as nearly as possible, as that in which meetings are to be convened by the Board.

Any reasonable expenses incurred by the requisitionists by reason of the failure of the Board duly to convene a meeting shall be repaid to the requisitionists by the Company, and any sum so repaid shall be retained by the Company out of any sums due or to become due from the Company by way of fees or other remuneration in respect of their services to such of the Directors as were in default.

Procedures for Putting forward Proposals at a General Meeting

Pursuant to the Articles of Association of the Company, it shall be the duty of the Company, on the requisition in writing of such number of members as is specified in these Articles and (unless the Company otherwise resolves) at the expense of the requisitionists:

- (a) to give to members entitled to receive notice of the next AGM notice of any resolution which may properly be moved and is intended to be moved at that meeting; and
- (b) to circulate to members entitled to have notice of any General Meeting of any statement of not more than one thousand words with respect to the matter referred to in any proposed resolution or the business to be dealt with at that meeting.

Notice of any such resolution shall be given, any such statement shall be circulated, to members of the Company entitled to have notice of the meeting sent to them, and notice of any such resolution shall be given to any other member of the Company by giving notice of the general effect of the resolution in accordance with the provisions of the Statutes.

Procedures for Proposing a Person for Election a Director

As regards the procedure for proposing a person for election as a Director, please refer to the procedures made available under the “Corporate Governance” section (“Procedure for election of Directors” sub-section) of the Company’s website at www.cenericholdings.com.

Procedures for Directing Shareholders’ Enquiries to the Board

Enquiries of shareholders can be sent to the Company either by email at finance@cenericholdings.com (for finance matters) and/or cosec@cenericholdings.com (for company secretarial matters) or by post to the Company’s principle place of business at 7/F., Guangdong Finance Building, 88 Connaught Road West, Sheung Wan, Hong Kong.

Shareholders may also make enquiries with the Board at the general meetings of the Company.

INVESTOR RELATIONS

The Company considers effective communication with shareholders is essential for enhancing investor relations and investor understanding of the Group’s business. The Company endeavors to maintain an on-going dialogue with shareholders and in particular, through annual general meeting and other general meetings. The website of the Company at www.cenericholdings.com has provided an effective communication platform to the public and the shareholders.

During the year ended 31 December 2015, there has not been any change in the Company’s constitutional documents. An updated version of the Company’s constitutional documents is available on the Company’s website and the Stock Exchange’s website.

Corporate Governance Report

CORPORATE GOVERNANCE ENHANCEMENT

Enhancing corporate governance is not simply a matter of applying and complying with the CG Code but also about promoting and developing an ethical and healthy corporate culture. We will continue to review and, where appropriate, improve our current practices on the basis of our experience, regulatory changes and developments. Any views and suggestions from our Shareholders to promote and improve our transparency are also welcome.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Company and its subsidiaries as at 31 December 2015, and of their financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

The Company’s shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

During the year, the Group’s activities mainly comprised properties development and hotel business in the People’s Republic of China.

2. BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange. They have been prepared under the historical cost convention except for certain financial assets which have been measured at fair value. These consolidated financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand except when otherwise indicated.

3. APPLICATION OF NEW AND REVISED HKFRSs

The Group has applied the following amendments to HKFRSs issued by the HKICPA for the first time in the current year:

Amendments to HKAS 19	Defined benefit plans: Employee contributions
Annual amendments to HKFRSs	Improvements to HKFRSs 2010–2012 cycle
Annual improvements to HKFRSs	Improvements to HKFRSs 2011–2013 cycle

The application of the amendments to HKFRSs in the current year has had no material impact on the Group’s financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

² Effective for annual periods beginning on or after 1 January 2018, with earlier application permitted.

³ Effective for annual periods beginning on or after a date to be determined.

The directors of the Company do not anticipate that the application of the new and revised HKFRSs will have a material impact on the Group's consolidated financial statements.

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Subsidiaries

A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (1) the contractual arrangement with the other vote holders of the investee;
- (2) rights arising from other contractual arrangements; and
- (3) the Group's voting rights and potential voting rights.

The results of subsidiaries are included in the Company's statement of profit or loss to the extent of dividends received and receivable. The Company's investments in subsidiaries that are not classified as held for sale in accordance with HKFRS 5 Non-current Assets Held for Sale and Discontinued Operations are stated at cost less any impairment losses.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(b) Jointly-controlled entities

A jointly-controlled entity is a joint venture that is subject to joint control, resulting in none of the participating parties having unilateral control over the economic activity of the jointly-controlled entity.

The Group's investments in jointly-controlled entities are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. The Group's share of the post-acquisition results and other comprehensive income of jointly-controlled entities is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. Where the profit sharing ratio is different to the Group's equity interest, the share of post-acquisition results of the jointly-controlled entities is determined based on the agreed profit sharing ratio. Unrealised gains and losses resulting from transactions between the Group and its jointly-controlled entities are eliminated to the extent of the Group's investments in the jointly-controlled entities, except where unrealised losses provide evidence of an impairment of the asset transferred. Goodwill arising from the acquisition of jointly-controlled entities is included as part of the Group's investments in jointly-controlled entities.

(c) Associates

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in associates are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. The Group's share of the post-acquisition results and other comprehensive income of associates are included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognized directly in the equity of the associate, the Group recognises its share of any charges, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates are eliminated to the extent of the Group's investments in the associates, except where unrealised losses provide evidence of an impairment of the asset transferred. Goodwill arising from the acquisition of associates is included as part of the Group's investments in associates.

(d) Business combination and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of HKAS 39 is measured at fair value with changes in fair value either recognised in profit or loss or as a change to other comprehensive income. If the contingent consideration is not within the scope of HKAS 39, it is measured in accordance with the appropriate HKFRS. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquire, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquire and the fair value of the acquirer's previously held interest in the acquire (if any), the excess is recognized immediately in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the disposed operation and the portion of the cash-generating unit retained.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(e) Fair value measurement

The Group measures certain of its assets and liabilities such as investment properties, available-for-sale investments, and equity investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 — based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 — based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(f) Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, investment properties, financial assets, goodwill and assets of a disposal group classified as held for sale/assets classified as held for sale), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognized impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises.

(g) Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Buildings	2% to 5%
Furniture, fixtures and equipment	20% to 33 $\frac{1}{3}$ %
Motor vehicles	20%

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss in the year the asset is derecognized is the difference between the net sales proceeds and the carrying amount of the relevant asset.

(h) Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value as at the date of acquisition. After initial recognition, an intangible asset shall be carried at its cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortisation method for an intangible asset with a finite useful life are reviewed at least once each financial year.

The Group's intangible asset mainly consists of licensing rights.

(i) Property under development

Property under development represents a building under construction which is stated at cost less any impairment losses, and is not depreciated. Costs comprises the direct costs of construction and capitalised borrowing costs, if any, on related borrowed funds during the period of construction. Property under development is reclassified to the appropriate category of non-current assets when completed and ready for use.

(j) Properties held for sale and properties held for sale under development

Properties held for sale and properties held for sale under development are stated at the lower of cost and net realisable value. Net realisable value is determined by reference to sale proceeds received after the year end date less selling expenses, or by management estimates based on prevailing market condition.

Costs of properties include acquisition costs, development expenditure, interest and other direct costs attributable to such properties. The carrying values of properties held by subsidiaries are adjusted in the consolidated financial statements to reflect the Group's actual acquisition costs where appropriate.

(k) Inventories

Inventories included foodstuffs, beverages and other consumables are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and comprises costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

(I) Financial assets

Initial recognition and measurement

Financial assets are classified as financial assets at fair value through profit or loss, loans and receivables and available-for-sale financial assets, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in other income and gains in the statement of profit or loss. The loss arising from impairment is recognised in the statement of profit or loss in finance costs for loans and in other expenses for receivables.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets in listed equity investments. Equity investments classified as available for sale are those which are neither classified as held for trading nor designated at fair value through profit or loss.

After initial recognition, available-for-sale financial assets are subsequently measured at fair value, with unrealised gains or losses recognised as other comprehensive income in the available-for-sale financial assets valuation reserve until the asset is derecognised, at which time the cumulative gain or loss is recognised in the statement of profit or loss in other income, or until the asset is determined to be impaired, when the cumulative gain or loss is reclassified from the available-for-sale financial assets valuation reserve to the statement of profit or loss in other gains or losses. Interest and dividends earned are reported as interest income and dividend income, respectively and are recognised in the statement of profit or loss as other income in accordance with the policies set out for "Revenue recognition" below.

The Group evaluates whether the ability and intention to sell its available-for-sale financial assets in the near term are still appropriate. When, in rare circumstances, the Group is unable to trade these financial assets due to inactive markets, the Group may elect to reclassify these financial assets if management has the ability and intention to hold the assets for the foreseeable future or until maturity.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

For a financial asset reclassified from the available-for-sale category, the fair value carrying amount at the date of reclassification becomes its new amortised cost and any previous gain or loss on that asset that has been recognised in equity is amortised to profit or loss over the remaining life of the investment using the effective interest rate. Any difference between the new amortised cost and the maturity amount is also amortised over the remaining life of the asset using the effective interest rate. If the asset is subsequently determined to be impaired, then the amount recorded in equity is reclassified to the statement of profit or loss.

(m) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when (i) the rights to receive cash flows from the asset have expired; or (ii) the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a “pass-through” arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group’s continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

(n) Impairment of financial assets

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that has occurred after the initial recognition of the asset has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Available-for-sale financial assets

For available-for-sale financial assets, the Group assesses at the end of each reporting period whether there is objective evidence that an investment or a group of investments is impaired.

If an available-for-sale financial asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the statement of profit or loss, is removed from other comprehensive income and recognised in the statement of profit or loss.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced through the use of an allowance account and the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to the statement of profit or loss.

(o) Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(p) Financial liabilities

Initial recognition and measurement

Financial liabilities at initial recognition are classified as financial liabilities at fair value through profit or loss, financial liabilities at amortised cost, loan and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value, in the case of financial liabilities at fair value through profit or loss, financial liabilities at amortised cost, loan and borrowings, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loan and borrowings, non-interest bearing other borrowings, and bonds.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Loan and borrowings

After initial recognition, financial liabilities are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the statement of profit or loss.

(q) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the statement of profit or loss.

(r) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(s) Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

(t) Leases

Leases that transfer substantially all the rewards and risks of ownership of assets to the Group, other than legal title, are accounted for as finance leases. At the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases, including prepaid land lease payments under finance leases, are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to the statement of profit or loss so as to provide a constant periodic rate of charge over the lease terms.

Assets acquired through hire purchase contracts of a financing nature are accounted for as finance leases, but are depreciated over their estimated useful lives.

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the statement of profit or loss on the straight-line basis over the lease terms. Where the Group is lessee, rentals payable under operating leases net of any incentives received from the lessor are charged to the statement of profit or loss on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

(u) Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity. Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and a joint venture, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and a joint venture, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(v) Employee benefits

(i) *Employee leave entitlements*

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the reporting date.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(ii) *Retirement benefits*

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the “MPF Scheme”) under the Mandatory Provident Fund Schemes Ordinance for all of its employees. Contributions are made based on a percentage of the employees’ basic salaries and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group’s subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute certain percentages of its payroll costs to the central pension scheme. The contributions are charged to the statement of profit or loss as they become payable in accordance with the rules of the central pension scheme.

(iii) *Termination benefits*

Termination benefits are recognised when, and only when, the Group demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

(w) Foreign currency translation

These financial statements are presented in Hong Kong dollars, which is the Company’s functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

The functional currencies of certain overseas subsidiaries and associates are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates prevailing at the end of the reporting period and their statement of profit or loss are translated into Hong Kong dollars at the weighted average exchange rates for the year.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the foreign currency translation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the statement of profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

(x) Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (i) revenue from the sub-licensing of hotel operating right is recognised when the Group's right to receive licensing and royalty income has been established;
- (ii) revenue from sales of properties is recognised when the properties have been delivered to the purchasers and collectibility of related receivables is reasonably assured. Deposits and installments received on properties sold prior to the date of revenue recognition are included in the consolidated statement of financial position as advanced proceeds from sales of properties under current liabilities; When properties under development are sold, income is recognised when the property development is completed with the relevant occupation permit issued by the Authorities and the significant risks and rewards of the properties are passed to the purchasers. Payments received from purchasers prior to this stage are recorded as customers' deposits received;
- (iii) rental income, on a time proportion basis over the lease terms;
- (iv) interest income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset;
- (v) dividend income, when the shareholders' right to receive payment has been established; and
- (vi) from the rendering of services, in the accounting period in which the services are provided.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

(y) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(z) Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a); and
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

6. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Deferred tax assets

Deferred tax assets are recognised for bad debt provision and all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Details are contained in note 25 to the financial statements.

Useful lives of property, plant and equipment

The Group's management determines the estimated useful lives and related depreciation charges for the Group's property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. Management will revise the depreciation charge where useful lives are different to those previously estimated, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned or sold.

Provision for impairment of trade and other receivables

The Group estimates the provision for impairment of trade and other receivables by assessing the recoverability based on credit history and prevailing market conditions. This requires the use of estimates and judgments. Allowances are applied to trade and other receivables where events or changes in circumstances indicate that the balances may not be collectible. Where the expectation is different from the original estimate, such difference will affect the carrying amounts of trade and other receivables and thus the impairment loss in the period in which such estimate is changed. The Group reassesses the impairment allowances at the end of each reporting period.

7. OPERATING SEGMENT INFORMATION

For management purposes, the Group identifies reportable segments, on the basis of the products and services, for internal reports about components of the Group that are regularly reviewed by the chief operation decision makers for the purpose of allocating resources to segments and assessing their performances. There are three reportable operating segments identified as follows:

- (a) The property development segment comprises the development and sales of properties;
- (b) The hotel business segment comprises the sub-licensing rights to hotel operators and certain hotel management activities; and
- (c) The corporate and other businesses segment includes general corporate expense items.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment results represent the profit or loss earned before tax before taking into account interest income from bank deposits, unallocated other income, unallocated corporate expenses (including central administration costs and directors' remuneration) and finance costs. This is the measure reported to the chief operation decision makers and the board of directors for the purposes of resource allocation and performance assessment.

The following is an analysis of the Group's revenue and results by reportable segment:

38. CAPITAL COMMITMENTS

The Group did not have any significant capital commitments as at 31 December 2015 (31 December 2014: Nil)

39. OPERATING LEASE ARRANGEMENTS

(a) As lessor

The Group leases part of its property in Maoming City, the PRC under a non-cancellable operating lease agreement, with lease terms for five years. The lease agreement requires the tenant to pay security deposit of the lease.

At 31 December 2015, the Group had total future minimum lease receivables falling due as follows:

	At 31 December 2015 HK\$'000	At 31 December 2014 HK\$'000
Within one year	1,140	1,143
In the second to fifth years, inclusive	411	1,624
	1,551	2,767

(b) As lessee

The Group leases certain of its office properties under operating lease commitments. Leases for properties are negotiated for terms ranging from one to five years. None of the leases includes contingent rentals.

Minimum lease payments under operating leases during the period:

	At 31 December 2015 HK\$'000	At 31 December 2014 HK\$'000 (Restated)
Office premises	3,148	1,727

At 31 December 2015, the Group had total future minimum lease payments under non-cancellable operating leases falling due as follows:

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

40. CONTINGENT LIABILITIES

As at 31 December 2015, the Group had contingent liabilities amounting to HK\$761,000 (31 December 2014: HK\$1,710,000) in respect of the buy-back guarantee in favor of banks to secure mortgage loans facilities granted to the purchasers of the Group's properties held for sales.

The directors consider that in case of default in payments, the net realisable value of the related properties can cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty and therefore no provision has been made in the accounts for the guarantees.

41. DIVIDEND

No dividend was paid or proposed for the year ended 31 December 2015, nor has any dividend been proposed since the end of the reporting period (31 December 2014: Nil).

42. EVENTS AFTER THE REPORTING DATE

On 15 September 2015, the Company and two placing agents entered into a placing agreement pursuant to which the Company had conditionally agreed to place, through the placing agents, on a best effort basis, up to 3,750,000,000 new shares to not less than six placees who and whose ultimate beneficial owners were third parties independent of and not connected with the Company and its connected persons at the placing price of HK\$0.10 per placing share. On 16 December 2015, the placing was approved, by an ordinary resolution, by the Shareholders at the Extraordinary General Meeting ("EGM") at which a specific mandate to cover the allotment and issue of the placing shares pursuant to the placing agreement was granted. On 20 January 2016, all the conditions of the placing had been fulfilled. An aggregate of 3,750,000,000 placing shares at HK\$0.10 per placing share, representing a discount of approximately 36.31% to the closing price on 20 January 2016 were successfully placed and issued. The net proceeds from the placing had been applied to repay the Bonds of the Group and the remaining cash was left for the Group's general working capital. The completion of the placing took place on 20 January 2016. Details were disclosed in the announcements of the Company dated 15 September 2015, 16 December 2015 and 20 January 2016 and the circular of the Company dated 27 November 2015 respectively.

43. ADOPTION OF NEW SHARE OPTION SCHEME

A new share option scheme (the "Scheme") was adopted pursuant to an ordinary resolution passed by the shareholders of the Company at a general meeting on 8 June 2011. The purpose of the Scheme is to provide the Company with a flexible and effective means of incentivising, rewarding, remunerating, compensating and/or providing benefits to eligible participants.

The total number of shares which may be issued upon exercise of all options to be granted under the Scheme and any options to be granted under any other scheme must not in aggregate exceed 10% of the aggregate of the Shares in issue as at 10 June 2011 (the "Adoption Date").

With the approval of the Shareholders in general meeting, the total number of shares available for issue upon the exercise of all options to be granted under the Scheme and any other scheme under the limit as "refreshed" shall not exceed 10% of the shares in issue of the Company as at the date on which the shareholders approve the "refreshed" limit.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

The total number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and all outstanding options granted and yet to be exercised under any other scheme shall not exceed 30% of the shares in issue from time to time. No options may be granted under the Scheme and no options may be granted under any other schemes if this will result in the limit being exceeded.

The Scheme became effective on the Adoption Date, subject to earlier termination at any time decided by the Board of Directors and approved in advance by shareholders of the Company by ordinary resolution in a general meeting. The Scheme shall be valid and effective for a period of 10 years commencing on the Adoption Date, after which period no further options under the Scheme will be granted. As of the date of this report, the remaining life of the Scheme is approximately 62 months.

During the year ended 31 December 2015, no options were granted nor were there any option outstanding under the Scheme.

As of the date of this report, the total number of shares available for issue under the Scheme may not exceed 568,163,804 shares, which represent 10% of the shares in issue of the Company.

45. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1: fair values measured based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: fair values measured based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: fair values measured based on valuation techniques for which any inputs which have a significant effect on the recorded fair value are not based on observable market data (unobservable inputs).

The Group's accounting team headed by the Group Financial Controller is responsible for determining the policies and procedures for the fair value measurement of financial instruments, and reports directly to executive directors and the audit committee. On a regular basis, the Group's accounting team analyses the movements in the values of financial instruments and determines the major inputs applied in the valuations. The valuation process and results will be discussed with the audit committee at least once a year.

45.1 Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis

Financial assets/financial liabilities	31 December 2015		31 December 2014		Fair value hierarchy	Valuation technique(s) and key input(s)

48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise bank balances and cash, equity investments, borrowings, amounts due from/to related companies and associates. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The main risks arising from the Group's financial instruments are interest rate risk, foreign currency risk, price risk, credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

Interest rate risk

The Group's interest rate risk arises primarily from the Group's bank deposits. All the deposits are on a floating rate basis.

The Group does not use financial derivatives to hedge against the interest rate risk. However, the interest rate profile of the Group's net deposits (being bank deposits less interest-bearing financial liabilities) is closely monitored by management.

At 31 December 2015, it is estimated that a general increase/decrease of 1% in interest rates, with all other variables held constant, would increase/decrease the Group's profit before tax and equity by approximately HK\$3,148,000 (2014: HK\$693,000).

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to the exposure to interest rate risk for the non-derivative financial liabilities in existence at that date. The 1% increase/decrease represents management's assessment of a reasonably possible change in interest rates over the period until the next annual reporting date. The analysis is performed on the same basis for 2014.

Foreign currency risk

The Group has certain foreign currency monetary assets and liabilities and was exposed to foreign exchange risk arising from various kinds of currency exposures, mainly comprising United States Dollars ("USD"), Malaysian Ringgit ("MYR"), Philippine Peso ("PHP"), Australian Dollars ("AUD") and Renminbi ("RMB"). The Group monitors foreign exchange exposure and would consider hedging significant foreign currency exposure should the need arise.

The sensitivity analysis includes only foreign currency denominated monetary items and adjusts their translation at the year end for a 1% fluctuation in USD and a 5% fluctuation in other foreign currency exchange rates. As at 31 December 2015, the sensitivity analysis of a 1% and 5% decrease in HKD against USD and other foreign currencies would have an increase of HK\$1,000 and a decrease of HK\$9,192,000 in equity (2014: an increase of HK\$1,000 and a decrease of HK\$13,618,000) respectively.

Notes to Consolidated Financial Statements

For the year ended 31 December 2015

Price risk

The Group's available-for-sale financial assets are measured at fair value at each reporting date. Therefore, the Group is exposed to equity security price risk. The directors manage this exposure by maintaining a portfolio of investments with different risk profiles.

Credit risk

The Group's maximum exposure to credit risk in the event that counterparties fail to perform their obligations at 31 December 2015 in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated statement of financial position. The Group's credit risk is primarily attributable to its trade receivables and loan receivables. In order to minimise credit risk, management has certain monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade receivables regularly at each reporting date to ensure that adequate impairment losses are adequately made for irrecoverable amounts. The credit risk on liquid funds is limited because the counterparties are commercial banks with high credit-ratings assigned by international credit-rating agencies. The Group has no significant concentration of credit risk, with exposure spread over a number of counterparties and customers.

Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

	2015					Total HK\$'000
	On demand HK\$'000	Less than 3 months HK\$'000	3 to less than 12 months HK\$'000	1 to 5 years HK\$'000	Over 5 years HK\$'000

Capital risk management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2015 and 31 December 2014.
